UNIT PRICE: \$5,457.00

System Description: The DEPMEDS containers are used in direct support of the Surgeon General's fielding of the Deployable Medical Systems (DEPMEDS). They are used for shipping and storage of the components for various operating rooms, medical support, and laboratories, which comprise the DEPMEDS. The DEPMEDS container is designed to ANSI/ISO standards and is produced from a military performance specification. The container is constructed of steel with hardwood flooring, and the interior walls are lined with plywood. The floor and inside walls contain tie down rings for securing cargo. The container is equipped with one double door opening on the side and one double door opening at the rear end of the container.

NOTE: This Manufacturer no longer in business. Check inventory.
